### FACTS ARE FACTS

A DISPATCH to the Chicago Tribune under date of Concordia, Kan., September 14, says that the Concordia Empire, a republican paper prints the following editorial: "We have been invited to send a dollar contribution to the republican campaign fund that is being raised by popular subscription and to which President Roosevelt recently subscribed. We would like to have our dollar in such select company, all right but we've done all the contributing we intend to this year. We recently have completed building a house at a cost of something over \$4,000 and for every foot of lumber, every pain of glass, every sack of cement, every pound of nails and in fact for nearly every bit of material that went into it, we made a good liberal contribution through the trusts that control them, and we guess we have done our share. It may be treason for a republican paper to talk this way, but facts are facts and it sort of relieves our conscience to tell the truth about the trusts once in a while. We'll just let the several trusts to which we have paid our unwilling tribute in the past year, pay our dollar for us. We need it and they don't."

Show this to your republican neighbors.

THE announcement of the news from Maine was followed by the announcement that a representative of the republican congressional committee would visit the departments at Washington and take up a "voluntary contribution for the campaign fund."
